

How We Protect Your Privacy

We use multiple security measures to protect against the loss, misuse and alteration of data used by our system. We limit access to data to only those parties who are approved to have access to it.

Use of Cookies

Cookies are small pieces of information stored by your browser. ITSportsNet only uses cookies to enable secure members area sessions and to track marketing information on the ITSportsNet corporate website. ITSportsNet does not store, nor track any personal information through cookies.

Credit Cards

ITSportsNet does not store any credit card information. Credit card information, including card holder's name and address, is passed onto approved credit card processing firms through 128 bit encryption. ITSportsNet uses the following certified credit card processing firms:

Company	Website	Policies
Beanstream	www.beanstream.com	privacy policy

Sharing & Usage

We will never share, sell, or rent individual personal information with anyone without your advance permission. Information submitted to us is only available to employees managing this information for purposes of contacting you or sending you emails based on your request for information and to contracted service providers for purposes of providing services relating to our communications with you.

Security of Data

The transmission of all personal information over the web is encrypted. Our database servers are in secure, monitored facilities and not available to the public. All administrative logins recorded by date, time and IP address (which can be traced back to an ISP customer). All administrators are also notified by email whenever their account is used.
